

7509

The Model 7509 is a remarkably flexible data entry arm. Features include a keyboard tray which can be folded flat when not in use and a slide-out mouse tray which accommodates left- or right-handers. Includes our spring-assist monitor tilter for effortless monitor motion.

### FEATURES

- Data entry monitor arm includes FLEXmount® with six mounting options.
- Built-in mouse tray accommodates left- and right-handers.
- Monitor mount offers 18" of vertical range and 27" of horizontal range.
- Monitor arm and keyboard tray folds up to occupy just inches of space.
- Monitor tilter mechanism can tilt over 200 degrees.
- Keyboard tray can be folded flat when not in use.
- Angles of monitor and keyboard tray can be adjusted independently.
- Arm rotates 360 degrees at three joints.
- Cable management system routes cables entirely within monitor arm.
