

iLift<sup>®</sup>

The iLift™ monitor arm is the perfect accessory for Apple's iMac and Cinema display. This monitor arm suspends the monitor weightlessly above the desktop, where it can be easily moved with one hand. This monitor mount allows users to save space and work ergonomically by placing the monitor exactly where it is needed.

## FEATURES

- Instantly raise and lower your monitor with one handed repositioning.
- Mount floats the monitor weightlessly; height, pivot, and tilt may be adjusted with one hand.
- Monitor arm includes FLEXmount® with six mounting options, including desk clamp, thru-desk, and wall mounting.
- Saves space by folding to occupy 4.5".
- Arm includes cable management that keeps the work surface free of annoying cable clutter.
- VESA-monitor compatible – 75mm & 100mm VESA adapter included.
- Monitor arm may require the purchase of a VESA Mount Adapter Kit.
