

7016

Finally, a productivity tool for the professional photographer. The PhotograFlex™ allows you to instantly position the camera exactly where you need it—no tools required, no knobs to turn. The PhotograFlex™ enables motion on 3 axes, along with a wide degree of camera tilt, which allows you to shoot photos from directly above—perfect for tabletop photography.

It's easy to use and quick to adjust. Plus the PhotograFlex's durable construction will protect your camera from unintended drops and falls.

FEATURES

- Includes FLEXmount® with six mounting options.
- Rotates 360 degrees at 3 joints for optimal ergonomic comfort and flexibility.
- Attaches via your camera's standard 1/4 x 20 threaded socket.
- Optional 6" extender tube available to raise monitor.
- Camera may be rotated 360 degrees.
- 200 degrees of tilt is available for the camera.
- Power cables clip beneath the arm, keeping them out of your way.
