

7500-WING

The 7500-Wing dual monitor arm mount allows for quick and easy monitor adjustment. This dual monitor mount features our convenient adjustable wing bracket, and a spring-assist tilter provides independent rotation and effortless monitor motion. The included FLEXmount® allows for various options to mount the monitors on your desk or the wall. The 7500-Wing dual computer monitor arm floats both monitors above the desk for a space saving design.

FEATURES

- Instantly raise and lower your monitors with one handed repositioning.
- Rotates 360 degrees at 3 joints for optimal ergonomic comfort and flexibility.
- Monitors can be positioned side-by-side or one above the other with our Switch bracket and can be individually pivoted.
- Internal cable management system conceals cords without the mount including swivel joints.
- Easy to setup.
- Monitor arm features 18" of vertical range and 28" of horizontal range; monitors tilt over 200 degrees.
- Accommodates most monitors up to a 24"-wide screen.
- VESA-monitor compatible – 75mm & 100mm VESA adapters included.
