Through insightful design and responsive manufacturing capabilities, Innovative leads the way in producing ergonomic, space-saving products for professionals.
About Innovative

For over 30 years, Innovative has been a leader in designing and manufacturing ergonomic, space-saving monitor arms and mounts for flat panel monitors, notebooks, and tablets. What began as a family-owned operation in 1986 has grown into a global company that is on cutting edge of ergonomic monitor arms, tablet mounts, POS systems, and sit-stand solutions for major markets such as the corporate office, retail, hospitality, healthcare, government, and broadcasting. The vast majority of Innovative’s products are manufactured out of its headquarters in Easton, PA.

Customer Focus
Innovative’s employees take pride in enhancing the way users interface with technology. Our experienced team of sales representatives, in-house engineering and prototyping resources enable us to work with you to find the right solution for your specifications. Call us today to speak with a representative about your project: 1-800-524-2744.

Quality
Innovative leads the way in exceptional quality by combining product performance with award winning design. Most products are tested to 30,000 cycles, far exceeding BIFMA industry standards. Innovative’s mounting solutions are built to withstand the demands of today’s office environment and most products are backed by a 10 year warranty.

### Environmental Ethics
Innovative strives to reduce environmental impact and minimize waste through standard design and manufacturing procedures. We are fully compliant with: Restriction of Hazardous Substances Directive (RoHS), WEEE Directive 2002/96/EC and the EU Directive on Packaging and Packaging Waste (94/62/EC). It is important to us to maintain these standards, therefore, Innovative suppliers are also vetted for RoHS compliance as part of the standard supplier evaluation process.
Improve wellness and productivity in all work environments by incorporating standing into the day.
The Winston Desk® is an ultra easy sit-stand solution. Designed with an upper display surface and lower, retractable keyboard and mouse desk. Winston Desk® features a gas-assisted lift mechanism that lets you switch easily between sitting and standing in just a few seconds. It also holds up to 35 lbs, while staying steady and solid at any height. Winston Desk® ships fully assembled and ready-to-use – just put it right on top of your current desk, and you’re ready to work.

Winston Desk® Features

Retractable Lower Work Surface
Lower work surface retracts to allow for a comfortable position.

Easy Height Adjustment
Single handle design and gas-assisted lifting makes sitting and standing transitions a breeze.

Choose Your Own Height
Seamless height adjustment means there are no pre-determined height settings, Winston Desk locks in place at the height you want.

Optional Monitor Arm Mounting
Upper desk surface has a .5" bolt-thru hole and a reinforced edge for mounting an optional monitor arm with a thru-desk or clamp mount.

CAPABILITIES
Winston Lift™ is an arm-based sit-stand product that allows users to turn their desk into a healthier, more dynamic workstation. Featuring an adjustable keyboard platform, quick-release stability lever, and textured wood grain surface, Winston Lift™ is the perfect combination of sleek design and functionality.

Available Spring 2019

**FEATURES**

- Quick-release lever will lock the arm in place to provide ultimate stability for standing work.
- Textured wood grain work surface offers a premium, modern aesthetic.
- Mount securely clamps to desk edge.
- Easily rotate monitors for portrait or landscape viewing.
- VESA-monitor compatible – 75mm & 100mm VESA adapters included.
- Max screen size: 30”

Winston Workstation®— convert any desk to a height adjustable sit-stand in minutes.

Winston Workstation® Features

**Moving at Work for a Healthy Lifestyle**
Ease body pain and boost health by increasing your movement at work. Winston gives you the freedom to easily alternate between sitting and standing throughout the day.

**Easy Height Adjustment**
Adjust the height of your sit-stand workstation with just the push of a button. Features 17” of height adjust to accommodate a variety of users.

**Expansive Work Surface**
Large surface feels more like a real desk when standing and allows you to take all of your necessary items with you when you stand.

**Engineered for Stability**
The industry’s first locking cylinder keeps your work space in place, eliminating wobble while you work.
4 Steps to Your Perfect Winston

Winston Workstation® offers customizable options to instantly transform any desk into a healthy sit-stand workspace.

1 CHOOSE YOUR MONITOR SOLUTION
Winston can support one, two, three or four monitors.

2 CHOOSE YOUR WORK SURFACE
Compact work surface (17" depth) or standard work surface (23" depth).

3 CHOOSE YOUR FINISH
Pick your favorite from white, silver or black.

4 CHOOSE FROM OPTIONAL ACCESSORIES
Clamp Mount 8472
Thru-Mount 8485
Laptop Holder 8501
iMac Stand 8502
See page 18 for more info.

More than Just a Trend: Standing for Your Health

Excessive sitting is associated with a number of chronic diseases and conditions, including:

- **120-140 Americans** are burning 120-140 less calories a day than 50 years ago.
- **66% increase** in cancer.
- **112% increase** in diabetes.
- **54% increase** in heart attacks.
- **49% increase** of a higher risk of mortality from all causes.

**Testimonials**

I've really enjoyed the way this has impacted the way I work. Well done!  
– President, Gentex

We just installed our first workstation and we are ready to order more for our folks. This is a great product, sturdy construction, easy to put together and very user friendly.  
– April E., customer of Touchboards.com

I've really enjoyed having the flexibility to stand or sit in the office. It is a nice option to have that was not previously available. I think this will be the workstation format of choice going forward.  
– President, Furmano Foods
Winston-E® — Elevating the sit-stand conversation.

Winston-E® is a responsive powered riser that takes the sit-stand conversation to a whole new level. The next-generation retrofit work surface with monitor arms is engineered for ease and freedom of movement.

Fully loaded, we’ve thought of every detail for Winston-E® so you’re free to think about what’s important to you.
Winston-E® Features

Independent Monitor Height Adjustment
Ease body pain and boost health by increasing your movement at work. Winston gives you the freedom to easily alternate between sitting and standing throughout the day.

Focal Depth Adjustment
Adjust the height of your sit-stand workstation with just the push of a button. Features 17” of height adjust to accommodate a variety of users.

One-Touch Power: Set It and Forget It
With the touch of a button, power between sitting and standing height. Programmable control remembers your height for sit and stand.

Upping the Ante with Bold Style
Robust electronics encased in a sleek design with modern edges and clean lines.

Bild® — a highly configurable solution for multi-monitor applications.
With endless configurations, Bild® enables the user to build, adjust and adapt with ease for their specific application.
Bild® is also in a highly flexible **pole mount** configuration. Please contact your sales representative for details about this mounting option.

---

**Create Your Angle**
Position monitors flat or in an arch with easy to adjust hinges.

**Fine Tune for Your Workstyle**
Loosen and tighten pivot points to the desired rigidity using the tools included. Stored in the beam end cap, they are never out of reach.

**Quick, Easy Monitor Install**
Take the work out of adjusting and replacing monitors. Simply attach, adjust, and remove all at the face of the beam. No need to slide monitors to remove.

**Cable Management**
Cable clips in the column and beam keep cables organized and out of the way.

**POLE MOUNTS**

- **800.524.2744**
- **InnovativeWorkspaces.com**

The Innovative pole system is available in multiple configurations. Call your sales rep for details.
Elevate your entire computer system for space-efficiency.
The 8326 vertical mounting track provides a space-efficient method of elevating your entire computer system. This highly configurable solution can be customized to meet your needs by incorporating flexible monitor arms, keyboard arms, and a CPU holder. All cables are routed through track, and hidden behind a cable channel.

Users can add any of Innovative’s monitor arms (specify the arm in addition to the 8326 vertical track mount). To add a keyboard arm, specify our model 7019-NM (7000 series articulating monitor arm with 8339 large keyboard tray), as well as the 8328 vertical track mount. To support a CPU, specify our 8335 CPU holder.

Consult with your sales rep for a customized configuration of this product to meet your requirements.

### FEATURES
- Mounting system is available in standard lengths of 19”; call for custom lengths.
- Mount contributes to a clean and neat work area.
- Integrated cable management keeps cables organized and out of view.
- Configure with your choice of monitor arm, keyboard arm or CPU holder.
- Mounting system prevents accidents and trip hazards which may damage equipment or harm staff.

### AVAILABLE OPTIONS
See page 73 for vertical wall track options.

Cables are routed through track and hidden behind a cable channel.
Make the most of your monitor mount with our helpful accessories.
FLEXmount® is an Innovative mount that offers six different configurations—all in one kit! This single mount will handle most mounting scenarios. Best of all, if you decide to change the way the arm is mounted several months after purchase, there is nothing more to buy—simply reconfigure your FLEXmount®.

FLEXmount® can be installed in six standard configurations:
- Desk Edge
- Thru-Desk
- Grommet
- Wall
- Reverse Wall
- Side Bolt

**FLEXmount® is included with:**
