Evo®

Functionality and sleek design come together in the award-winning Evo articulating monitor arm. Evo monitor arms feature a quick-install VESA bracket and a top down mount installation for easy setup. It's easier than ever to mount a monitor while complementing any workspace with Evo's modern design.

Evo Features

**Effortless Motion**
Evo supports the monitor with true constant force, ensuring smooth movement across the arm’s entire range of motion.

**Top-to-Bottom Adjustability**
Fine tune your Evo monitor arm with the available tension adjustment at each joint.

**Award-Winning Design**
The third-generation Evo has received a 2017 Red Dot Product Design Award and a Best of NeoCon Silver 2016 for its sleek form and superior function.

**Fast Installation**
Evo features a top down mount installation design for easy setup.
Evo®

Evo provides ergonomics and space savings in a sleek monitor arm. Evo offers one-touch monitor adjustment and applies a constant force across the arm’s entire range of motion. It’s easier than ever to mount a flat panel monitor while complementing any workspace with Evo’s modern design.

Ella Features

**Unique Form, Unmistakable Performance**
Ella’s elegant design has been precisely engineered to deliver unparalleled performance across the arm’s entire range of motion.

**See the Big Picture**
With support for a single monitor up to a 43-inch screen size or two monitors with a 30-inch screen size, Ella allows you to work the way you want without sacrificing style.

**Aesthetic Adaptability**
Whether you want to fit in or stand out, Ella can match your style. Choose from finishes of white, silver or black and complement with optional customizable inserts to create a look that fits your workspace.

**Instant Transformation**
Ella installs entirely from above the desk surface and requires very few adjustments during setup, making installation fast and easy.

Ella®, the next-generation monitor arm from Innovative, continues our commitment to making ergonomics beautiful. Offering effortless movement and sure-footed stability for monitors up to an astonishing 43” screen size, Ella’s groundbreaking design is only surpassed by its unparalleled performance.

Bild is a highly configurable solution for multi-monitor applications. Configure your Bild – quickly and easily go from 2 to 16 plus monitors – all without wasting parts. Our new Bild multi-monitor mount is an easily adjustable monitor mount solution offering an endless number of configurations for installing multiple monitors.

**Bild Features**

- **Create Your Angle**
  Position monitors flat or in an arch with easy to adjust hinges.

- **Fine Tune for Your Workstyle**
  Loosen and tighten pivot points to the desired rigidity using the tools included. Stored in the beam end cap, they are never out of reach.

- **Quick, Easy Monitor Install**
  Take the work out of adjusting and replacing monitors. Simply attach, adjust, and remove all at the face of the beam. No need to slide monitors to remove.

- **Cable Management**
  Cable clips in the column and beam keep cables organized and out of the way.

tambient® Lighting Solutions

Lighting Quotient knows lighting. Innovative knows ergonomics. Together, we’ve made flexible, lighting solutions for active workspaces. tambient lighting solutions offer a cost-saving alternative to traditional overhead and supplemental lighting systems all while improving employee well being by giving each user control of their workspace.

tambient Features

Flexible
Lighting that ensures occupant alignment, where focused tasks and collaboration can coexist.

Functional
Lighting that anticipates an active workplace and promotes enterprise productivity.

Responsive
Lighting that is controlled by building management and users alike.

Personal
Lighting for the “New New” open paradigm that embraces individual well-being and enhances vital connections between people, place and collective purpose.
How it Works

Uplight and downlight in every luminaire.

Uplights connect to room controls and provide glare-free, indirect ambient light for collaboration and general office tasks.

Individually controlled downlights provide personalized lighting for focused work.

Pushbutton on each luminaire for personal task light control.

Additional pushbutton is optional for personal control of uplight in private offices.

Sensors, room switches, and dimmers install without wires and operate without batteries.
tambient® Monitor Support Options

Dynamic Monitor Support with tambient
- Dynamic monitor height adjust.
- Supports two monitors, optional configuration for monitor and laptop.
- Square mast design.
- Optional USB hub integration in mount base.
- Available in white, silver or black.

Static Monitor Support with tambient
- Static monitor height, dynamic height adjust arms optional.
- Modular solution is expandable from one to three monitors.
- Round mast design.
- Optional USB hub integration in mount base.
- Available in white, silver or black.
8111

Don’t see what you need?

Innovative offers hundreds of flexible mounting solutions. Just a few of the many choices are shown here. Innovative also specializes in custom product configuration. Tap into our engineering and production resources for your technology mounting requirements.

Contact us today: InnovativeWorkspaces.com 800.524.2744
The Innovative Advantage

For over 30 years, Innovative has been a leader in designing and manufacturing ergonomic, space-saving monitor arms and mounts for flat panel monitors, notebooks, and tablets. What began as a family-owned operation in 1986 has grown into a global company that is on cutting edge of ergonomic monitor arms, laptop mounts, and sit-stand solutions. The vast majority of Innovative’s products are manufactured out of its headquarters in Easton, PA.

**Customer Focus**
Innovative’s employees take pride in enhancing the way users interface with technology. Our experienced team of sales representatives, in-house engineering and prototyping resources enable us to work with you to find the right solution for your specifications. Call us today to speak with a representative about your project: 800.524.2744.

**Quality**
Innovative leads the way in exceptional quality by combining product performance with award winning design. Most products are tested to 30,000 cycles, far exceeding BIFMA industry standards. Innovative’s mounting solutions are built to withstand the demands of today’s office environment and most products are backed by a 10 year warranty.

**Designed + Assembled in USA**
Innovative proudly designs and assembles a majority of our products in the USA. By designing our products onsite, Innovative is able to work closely with our customers from start to finish, providing them with a high quality product that meets their needs, has a high standard of performance and exceeds their expectations. Our in-house design team works on small to large quantity projects with highly configurable options.

**Award-Winning Design**
Innovative products have been recognized by such prestigious international design organizations as red dot and iF, as well as design competitions sponsored by Business Week, Contract and Buildings magazines.
