Durability
Our terminal stands are designed and engineered to withstand heavy-use retail environments.

Flexibility
Tilt and swivel allow the terminal to be easily positioned for the perfect viewing angle.
Security
Our mounts have robust construction that protects your investment – the payment terminal stays secure while remaining accessible to customers.

Cable Management
Cables are kept out of view (and out of harm’s way) - they may either pass through the counter or exit behind the terminal mount.

Image
Clean, minimal lines design convey a quality image straight through the checkout process.

Quality
All Innovative terminal stands are backed by a 10 year warranty so you can feel confident in using Innovative as your point-of-sale mount manufacturer.

Innovative Advantages

**Customization**
Let us help you with the product configuration for your application. Innovative’s expert, in-house team work to create a custom product to fit specific POS application needs.

**Image**
Choose Innovative’s clean, attractive design to convey a quality image straight through the checkout process.

**Durability**
POS environments are notoriously heavy-use, which is why point-of-sale applications need mounting solutions that are designed and built with durability in mind. Expert engineering and a thoughtful production process means our POS mounting solutions are one of the highest quality available.

**Support**
Innovative has 140+ employees working in our U.S.-based office and manufacturing plant (Easton, PA), where we ship to customers worldwide.

Most Innovative point of sale mounts come with a 10 year warranty against defects.
