

**9124**

The 9124-FM dual pole mount allows users to mount two flat panel monitors side by side in a space saving two monitor setup. The articulating arms provide independent movement and adjustment of each flat panel monitor.

### FEATURES

- The dual monitor mount includes FLEXmount® with six mounting options.
- Includes a 14" standard pole mount; custom pole lengths are also available.
- Provides 200 degrees of monitor rotation at two pivot points.
- Space saving monitor desk mount design allows approximately three inches of space behind the dual monitors.
- Friction control system provides smooth adjustment while adjusting the position of the dual monitor arms.
- Adjust each monitor independently.
- VESA monitor stand compatible - 75mm & 100mm VESA adapter included; please call for non-VESA options.
- The 9124-FM EURO Series dual monitor mount can be combined with all Innovative mounting options (sold separately).
- Optional upgrade to quick install/release monitor mount bracket; please consult your sales rep for details.

### AVAILABLE OPTIONS
