

# 7050-SWITCH

The 7050-Switch tablet & monitor mount allows mobile workers to combine their tablet or iPad with dual full-sized monitors. This tablet and dual monitor arm positions three screens for maximum comfort and productivity while working at your primary desk. When it's time to leave, just grab your iPad or tablet and go.

### FEATURES

- Dual monitor and tablet mount positions tablet or iPad and monitors independently of the other.
- Adjustable tablet brackets accommodates most iPads and tablets.
- Adjustable clasps allow free access to jacks and ports.
- The quick attach and release feature securely grips the iPad or tablet.
- The dual monitor and tablet mount provides integrated cable management that keeps cords off the desk.
- Easily position monitors and tablet in portrait or landscape configuration.
- Accommodates most monitors up to a 24"-wide screen.

### AVAILABLE OPTIONS

**7050-SWITCH-1000-500HY** Supports 3.5 - 13 lbs. (0.9 - 5.9 kg) per monitor and 1 - 14 lb (0.5 - 6.4 kg) laptop
